

**There are likely to be useful smaller scientific questions we can explore**

**Partly amenable to science**

**Very amenable to Science**

1. Did Harry Potter use magic on his friends?
2. What is the most interesting book ever written?
3. Why do things fall to the ground when you let them go?
4. What is the capital city of France?
5. Why did the Romans come to Britain?
6. Will we ever bring back dinosaurs?
7. If Henry VIII's first wife had given birth to a baby boy, would he have remarried?
8. How are planets different from stars?
9. Why did women authors write under male pseudonyms?
10. How can we measure the speed of coastal erosion?
11. Is trial by jury the fairest way to judge someone?
12. Are happy story endings better than sad ones?
